

# والتش الذهب ١٠٠٠ GOLD MONSTER 1000

*The best low cost,  
high value tool  
for efficient gold  
recovery.*

*It features fully automatic  
operation and comes  
with a choice of coils,  
battery options and shaft  
configurations.*

*If you're looking for super  
sensitive gold performance  
at a great price, then this  
is the detector you've been  
waiting for!*

**The most popular  
detectors in Africa**

**MINELAB**

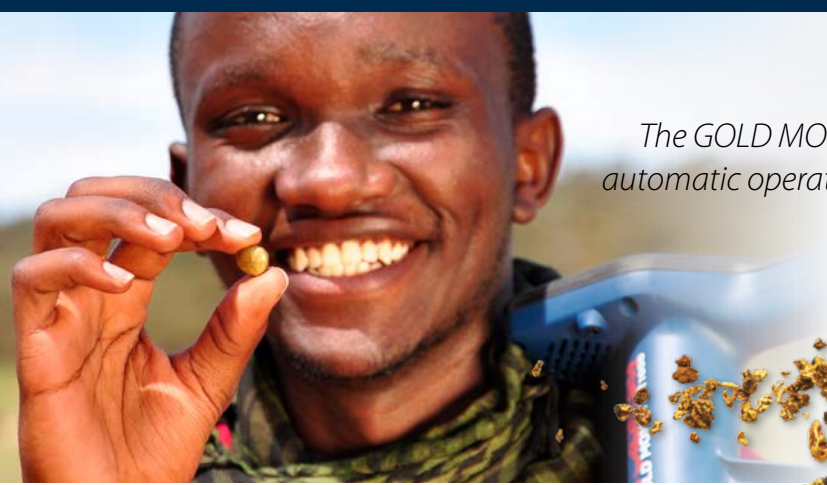

“I found my first nugget within an hour; funnily enough it was in a detector scrape from previous excursions. All up I found many pieces of gold, the deepest being 3 inches in variable hot ground.”

**Jonathan Porter**  
Professional Gold Prospector, Australia

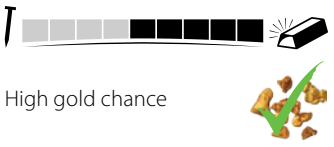

## Ultra Efficient Gold Recovery

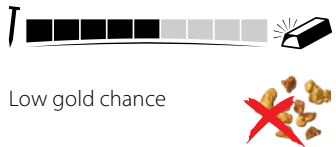

The GOLD MONSTER 1000 turns beginners into experts with fully automatic operation in an easy-to-use, high performance detector.

- Extra sensitive VLF performance
- Fully automatic operation
- 2 search coils included
- Highly adaptable
- Waterproof design\*
- Easy quick start

### 1 Gold Chance Indicator

High gold chance

Low gold chance

### 2 Detect Modes
