

LOCATE TARGETS WITH SPEED AND ACCURACY IN TOUGH CONDITIONS.

INFLAP

- Ferrous Tone ID
- Waterproof to 3 m (10-ft)
- Audio & vibration indication
- Adjustable sensitivity
- High visibility
- Holster & lanyard

Two great models available: PRO-FIND 15^{*} & *PRO-FIND 35*

"A PRO-FIND Series pinpointer is a must-have for any serious detectorist. DIF technology makes PRO-FIND a clear winner in the field!"

– Gordon Heritage, UK 🛛 🚬

A PRO-FIND Series Pinpointer is an essential part of your detecting tool kit.

PRO-FIND Series pinpointers help you to accurately locate targets inside a small hole or crevice where a metal detector coil cannot fit. This results in smaller holes, less environmental disruption and faster target recovery time.

Ferrous Tone ID

Two different responses help you to identify ferrous junk from non-ferrous treasure. Great to use with non-discriminating detectors.

Waterproof to 10-ft / 3 m

Rugged waterproof design ideal for beach and river pinpointing. The perfect companion for a waterproof detector.

Audio & vibration indication

Audio tones and vibration intensify as the probe approaches the target making target recovery easier, especially underwater!

Adjustable sensitivity

Five sensitivity levels allow you to precisely adjust for maximum depth and minimum noise in all ground conditions. Easily adjustable with separate +/- buttons.

High visibility - with lost-alarm

The PRO-FIND's bright yellow handgrip is clearly visible for easy location, so you won't leave it behind after you dig. Quickly locate your forgotten pinpointer with the handy lost-alarm.

Holster & lanyard included

A lanyard and a tough, semi-rigid holster that attaches to any belt will keep your PRO-FIND at the ready.

Getting Started Guide Languages

English Fran	پ العربية çais	Português	Español	русский	★ 中文	Монгол хэл	
Specification	PR	PRO-FIND 15		PRO-FIND 35			
Target Identificat	t ion No			Ferrous 1	Tone ID+

Waterproof	Spl	Splash proof only		Waterproof to 10-ft (3 m)			
Audio Indication	On	On only		On, Off	On, Off		
Vibration Indicat	ion No			Yes			
LED Flashlight	No			Yes			
Battery	9V	PP3 (not incl	uded)	9V PP3 (i	included)		
Battery life	30	hours nomin	al	30 hours	nominal		
Length	9.3	9.3" (237 mm)		9.3" (237 mm)			
Weight	6.8	6.82 oz (193 g)		6.82 oz (193 g)			
Accessories	Но	Holster		Holster, Lanyard			
⁺ Ferrous Tone ID is effective when the probe is 10–15 mm (approx. ½") from a ferrous object.							

DIF Technology

Minelab's Detector Interference Free (DIF) technology significantly reduces interference with an operating metal detector, when the pinpointer is switched off, by disengaging the pinpointer coil's magnetic field.
